# The Artistic Rembrandt Tulips

THESE remarkable Tulips were a sensation at my Exhibition Gardens this past season. They are handsomely striped and feathered, as shown in the illustration and are the most remarkable of all Tulips in the opinion of many flower lovers. The marking of course is different in each variety. This group is intended to cover the complete color range and the finest of each type. They baffle description. One must see them to realize their great beauty. Once seen, you will never be satisfied without a collection of them in your garden. They are shorter than the other Tulips, being from 18 to 24 inches in height, and are especially suited to the front of the border where one can enjoy their individual beauty.

*\$1.25 Doz.      \$7.50 per 100      \$72.50 per 1000*

**ANNA MARIA**—A magnificent variety, beautifully marked. White ground, heavily flamed mauve lilac and overlaid deep rose.

**APOLLO**—Inside deep rosy violet. Outside rosy lilac slightly feathered white.

**BEATRIX**—Sparkling white, pencilled red.

**LA COQUETTE**—Deep, dark plum-feathered over a white ground.

**RED PRINCE**—A delightfully colored and beautifully marked variety. Cherry-red and bright pink feathered over a white ground.

**SALOME**—Extra fine carmine rose with white markings.

**SEMELE**—Similar to Red Prince, but with lavender and violet feathering.

**UNDINE**—Beautiful violet, striped white.

**VESTA**—Deep carmine stripes and flames on a white ground.

**ZENOBIA**—Lovely white, tinted lilac and striped maroon.

## Fantasy Parrot Tulips

THESE quaintly twisted and lacinated Tulips are the most fantastic, as well as the most artistic and handsome of all Tulips. Fantasy is a sport of the lovely pink Darwin Tulip, Clara Butt, which it resembles in height and color, excepting that the inside is a deeper pink, the outside marbled apple green, and the petals beautifully lacinated. No description can do them justice, as they must be brown to realize their unusual attraction. I am able to make an unusually attractive price this year for top size Holland Grown Bulbs of this variety.

**\$1.25 per dozen.—\$10.00 per 100**

# Botanical Tulips

THESE are no more interesting Tulips than these Botanical Tulips from which our modern garden varieties have originated. Planted in your garden, they will become a permanent fixture and will continue to flower year after year with no care whatever. The first three varieties listed below, Chysantha, Clusiana and Kaufmaniana, are small flowering varieties, with exquisitely sweet and dainty flowers on six to eight-inch stems. They are the most delightful subjects for the rock-garden, or for the front of the border, nothing in the garden being more admired by visitors. Eicherle is a large flowering species and is one of the most showy tulips to be found anywhere. If it were well known it would be in every garden, as it is unsurpassed by any of the later flowering kinds.

**CHRYSANTHA**—8 in.—Three alternating petals red outside and deep yellow inside. Three other alternating petals yellow inside and out. Pointed petals. A real gem.

\$1.00 Doz. \$7.50 per 100 \$72.50 per 1000

**CLUSIANA**—8 in.—Similar in size and shape to Chysantha, but of entirely different color. Three petals are bright red, margined white on the outside and all white inside. The other three alternating petals are snow white. Like a tiny water lily in appearance.

85c Doz. \$6.50 per 100 \$62.50 per 1000

**KAUFMANNIANA**—10 in.—The earliest of all Tulips. Flowers early in April. White, flushed carmine with yellow centre. Large flowers. \$1.25 Doz. \$8.50 per 100 \$75.00 per 1000.

**EICHLERI**—15 in.—Brilliant vivid crimson of different form from the others, with pointed petals and an artistic greyish outside stripe when first open. \$1.25 Doz. \$8.50 per 100.

**12 of each \$4.25; 100 of each \$27.50**

## “Golden Gleam” Collection of Daffodils Choicest Narcissi and Jonquils Also Included

THIS is the most wonderful collection of Daffodils I have ever offered. It would be hard to select another investment that will give you so much pleasure and satisfaction and garden beauty for the money expended. This collection consists of a well-balanced mixture of all of the finest types, including The Yellow Trumpet Daffodils; Bi-Color Trumpet Daffodils with white perianths and golden yellow trumpets; the All-White Trumpet Daffodils; Barri Narcissi, Incomparabilis Narcissi, Leedsii Narcissi, Poets Narcissi, Double Narcissi, Jonquils and Jonquil Hybrids. Each bulb will bloom for you early next spring, beautifying the garden and providing pleasing bouquets of cut flowers for the house. All are hardy; when once planted, they may be left undisturbed for years. They will increase from year to year without any care. A few bulbs will soon produce armful of flowers. This is the finest collection of the kind that it is possible to assemble. Fine for the garden and for naturalizing.

# New Giant Flowering CROCUS

THESE new giant flowering crocuses are the most glorious all the very lovely spring flowering crocuses and far superior to the older sorts. Scatter them in the grass in informal masses, planting them just an inch under the sod and in early spring they will carpet the lawn with a mass of brilliant colors.

AGNES—Deep lavender.

ALBION—Dark purple, feathered white.

ENCHANTRESS—Bright porcelain-blue.

REMEMBRANCE—Lovely soft sky blue.

SNOWSTORM—Snow white.

## Muscari (Grape Hyacinth)

THESE very beautiful dwarf flowers are especially fine for the rock garden, or for naturalizing, either in the sun or semi-shade. They are perfectly hardy, and increase in beauty from year to year with no further care when once planted. Plant two inches apart and two inches deep. On Long Island they flower in May and early June. They make excellent cut flowers and are also fine for pot culture.

HEAVENLY BLUE—This is the largest and finest of the Grape Hyacinths. Color, a heavenly blue.

## CHIONODOXA (Glory of the Snow)

As their name suggests, they often bloom before the snow is off the ground, flowering with the snowdrops. Their handsome blue flowers are borne in sprays on stems five to six inches long. They are one of the most beautiful of the early flowering bulbous plants. Plant 3 to 4 inches deep and 2 to 3 inches apart in clumps of 25 or more bulbs. Hardy anywhere.

GIGANTEA—Large soft lavender.

SARDENIS—Deep rich gentian blue. Very early.

# Choice Hardy Perennial Plants

I am presenting here an unusually attractive list of Hardy Perennials. It would be very easy to extend the list indefinitely, but I am confining the list to those items that I am sure any flower lover will be glad to have in their garden. Hardy Perennials are easy to grow, requiring less care than annuals or other garden plants. When once planted they can be depended upon to give a permanence to the garden by continuing to flower year after year with little care. With the addition of Perennials an everblooming garden may easily be created. Most of them are particularly useful for cut flowers. Several are low growing varieties especially suitable for the rock garden or small bed, or for planting along walks or paths or edging the border

and I have given these a separate sub-division for convenience. All are hardy anywhere and the plants I will send will all be large, healthy, two year field grown specimens with masses of fibrous roots, ready to produce an abundance of flowers next spring.

Perennials should never be planted singly, but for best effect should always be planted in clumps of several plants of a variety, or in masses.

ALL PRICES ARE PREPAID on orders of \$2.00 or over. Please remember this because the postage on some of these heavily rooted plants is often one third of the value of the order.

## RED YUCCA

You no doubt know the white Yucca, which produces its four foot spikes of white bell shaped flowers, each a giant bouquet in itself; but you probably never before heard of the new RED YUCCA. It is the same as the White Yucca, but with brilliant red flowers. The foliage is of tropical appearance and remains green all winter regardless of sub-zero weather. Large strong extra heavy plants \$1.50 each Postpaid.

## The Three Best Phlox

### COLUMBIA PHLOX (*Plant Patent No. 118*)

This new pink Phlox is the greatest Phlox ever grown. Each plant quickly produces many flowering stalks literally covered with masses of beautiful flowers. The color is the most exquisite cameo pink, and the individual florets are unusually large. It is so rugged that it seems to be entirely free from insect pests and diseases and is the most continuous and free bloomer I have ever seen. Height 30 in. 3 for \$1.25; 12 for \$4.50, Postpaid.

### LEO SCHLAGETER PHLOX

This new vivid scarlet Phlox is just as fine in its color as Columbia is in the pink class. Its brilliance and purity of color is remarkable. It is by all odds the best red Phlox. Height 3 ft. 3 for \$1.25; 12 for \$4.50, Postpaid.

### MRS. W. E. FRYER PHLOX

The finest white Phlox, finer, larger, and whiter than Miss Lingard, being a pure snow white. Produces twice as many flowers as any other white. 3 for \$1.00; 12 for \$3.00, Postpaid.

## DELPHINIUMS

### (Gold Medal English Hybrids)

These Hybrids produce huge spikes 4 to 5 feet high, studded with blooms. The flowers range through mauve, blue, purple and white. The plants we are offering this season should sell for \$1.00 each, but we have an extra fine large stock of them and are making a special price inducement that should appeal to all flower lovers. Sold in mixed colors only. 3 for \$1.50; 6 for \$2.50; 12 for \$4.50, Postpaid.

## BLEEDING HEARTS (*Dicentra*)

2 ft. Attractive anywhere in the garden and also useful for growing in the house in pots. Long racemes of graceful heart shaped red flowers, and attractive foliage. 3 for \$1.50; 6 for \$2.50; 12 for \$4.50, Postpaid.

## PLUMED BLEEDING HEART

The plumed foliage of this variety has a fern-like appearance and is quite ornamental. Blooms all summer. Likes semi-shade. 3 for \$1.50; 6 for \$2.50; 12 for \$4.50, Postpaid.

## FUNKIA SUBCORDATA GRANDIFLORA

This rare and unusual Funkia has large exquisitely fragrant white flowers resembling Easter Lilies and almost as large, borne profusely all summer long. The foliage is also ornamental and quite unlike the lily foliage. They are so hardy that they will grow anywhere in sun or shade with practically no care. Equally attractive in the rock garden, or in a wild garden, or in the border or in a bed by themselves. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50, Postpaid.

## Choice Hardy Perennial Plants (Continued)

### GIANT MALLOWS

3 ft. These improved Giant Mallows have flowers as large as a dinner plate in the most lovely pure pink, also in white and vivid red. They look much like huge Hollyhocks, but the flowers are several times as large and the plant more bushy. They flower profusely all summer long and require no care. The extra strong clumps I send will flower the first year and increase in beauty each year. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50, Postpaid.

### LUNARIA (Honesty or Money Plant)

24 in. This flower, which is a native of Europe and Western Asia, is one of the most lovely of our early Spring flowers. Each plant set out this Fall will be a veritable bouquet of flowers, beginning the last week of April and continuing for several weeks. The plant is of beautiful symmetrical form. The color is petunia violet and the individual florets remind one somewhat of Phlox. (There is also a white form.)

During Autumn, after the flowers have disappeared, seed pods form, each pod being about the size of a silver dollar and the color of cellophane. These seed pods are very ornamental and useful for winter bouquets, as they last all winter, and the entire plant should be cut down in the fall and used for winter decoration.

The name Lunaria is derived from the latin "Luna," the moon, and alludes to the silvery moon shaped pods. It is called "Money Plant" because these disc-like, flat silvery seed pods resemble money hanging all over the plant in the fall. The appellation "Honesty" is applied because these seed pods are transparent and you can "see through" them, nothing being hidden, the seeds being visible through the pod. Not to be confused with Linaria, which is an entirely different and unimportant plant. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50, Postpaid.

### HARDY SWEET PEAS (Lathyrus)

The flowers are quite as handsome as the annual sweet peas, but once planted these hardy sweet peas will take care of themselves, coming up each year with little or no care. For covering a low trellis or fence there is nothing finer. The vines die down during the winter and make new growth each Spring and Summer. The plants are of such rugged growth and so much branched that each plant will cover several feet of fence or trellis. The flowers grow in clusters, one cluster being sufficient for a corsage bouquet, and the plants are covered with these clusters of delightful red, pink and white flowers all summer long. The flowers on each plant of course are of one color and the plants are sold in mixed colors only. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50, Postpaid.

### CANTERBURY BELLS (Campanula)

2 ft. Extremely showy bell-shaped flowers in a lovely shade of blue; also snow white and an exquisite pink shade. These are so well known that no detailed description is necessary, but they are among the most attractive of our hardy Perennials. The plants are of upright growth and literally covered with flowers, which last several days when cut. 3 for 75c; 6 for \$1.25; 12 for \$2.00, Postpaid.

### GAILLARDIA

18 in. Daisy-shaped orange yellow flowers, banded with red. Flower freely all summer and fall. 3 for 75c; 6 for \$1.25; 12 for \$2.00, Postpaid.

## Gems for the Rock Garden or for small beds—or for the front of the border

### PENSTAMON—BLUE GEM

6 to 12 in. This very lovely Miniature attracted the attention of everybody visiting my gardens this summer. The color is a lovely shade of blue and it flowers profusely. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50, Postpaid.

### DIANTHUS GRANITICUS

6 to 8 in. A very lovely symmetrical low growing Dianthus of rather dense growth, covered with myriads of attractive deep pink flowers. A real Gem for the Rock Garden. 3 for 75c; 6 for \$1.25; 12 for \$2.00.

### BLUEBELLS OF SCOTLAND (Campanula Rotundiflora)

10 in. Attractive tiny bluebell flowers freely produced from June to August. 3 for 75c; 6 for \$1.25; 12 for \$2.00.

### CHINESE BELLFLOWER (Platycodon)

#### GRANDIFLORA

20 in. Very large deep blue bell-shaped flowers, the buds resembling an inflated balloon before they open. One of our most popular Perennials. Flowers all summer.

#### GRANDIFLORA ALBA

The white form of above.

Either variety 3 for \$1.00; 6 for \$1.50; 12 for \$2.50, Postpaid.

### Hardy Chrysanthemums

This very fine group of flowers is indispensable in the garden due to their late Autumn flowering. The varieties listed below are among the finest grown and are also selected for their extreme hardiness and ease of culture.

#### JEAN CUMMINGS

Very large pure snow white flowers with soft yellow and blush shading at the center.

#### FRANCES WHITTLESEY

Rich bronze and garnet autumn colors. A most attractive variety.

#### OCTOBER GIRL

Clear rose-pink, shading lavender as it ages. Very free flowering and handsome.

#### VIVID

American Beauty Rose color. A beautiful variety that is aptly named.

#### HARVEST MOON

Fine large, rich golden yellow.

#### PETITE LOUISE

Exquisite large soft pink.

6 for \$1.50; 12 for \$2.50, Postpaid.  
One color or assorted — as you wish.

### ARTEMESIA—SILVER KING

3 ft. A striking plant with frosted silvery white foliage. Beautiful for setting off bouquets or floral pieces, and especially effective in the garden. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50, Postpaid.

### EUPATORIUM COELESTINUM (Hardy Ageratum)

18 to 24 in. Those who are fond of the lovely blue Ageratum will surely find this hardy species even more enchanting. The plant is literally covered with true fluffy blue Ageratum flowers, from August until frost; and best of all it reappears each year without further attention after it is once planted. 3 for 75c; 6 for \$1.25; 12 for \$2.25, Postpaid.

### CHINESE LANTERNS (Physallis)

2 ft. These very interesting plants form attractive orange-red balloon-like flowers, which are not only attractive in the garden, but may be cut for winter bouquets. They are extremely decorative indoors and last all winter when cut. 3 for 75c; 6 for \$1.25; 12 for \$2.25, Postpaid.

### CHRISTMAS ROSE (Helleborus Niger)

This very rare and unusual plant produces its white flowers during the winter months beginning in December and flowering more or less all winter, regardless of snow or freezing weather. Its leathery foliage is evergreen and will withstand sub-zero weather. Strong field grown clumps \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$8.50, Postpaid.

### SISYRINCHIUM GYNANDIRIS (Blue Eyed Grass)

6 to 10 in. A lovely rock garden subject. The dainty blue flowers grow from the tip of each grassy leaf, instead of from a stem, the foliage being literally covered with flowers over a long period. 3 for 75c; 6 for \$1.25; 12 for \$2.25, Postpaid.

## GEMS FOR THE ROCK GARDEN (Continued)

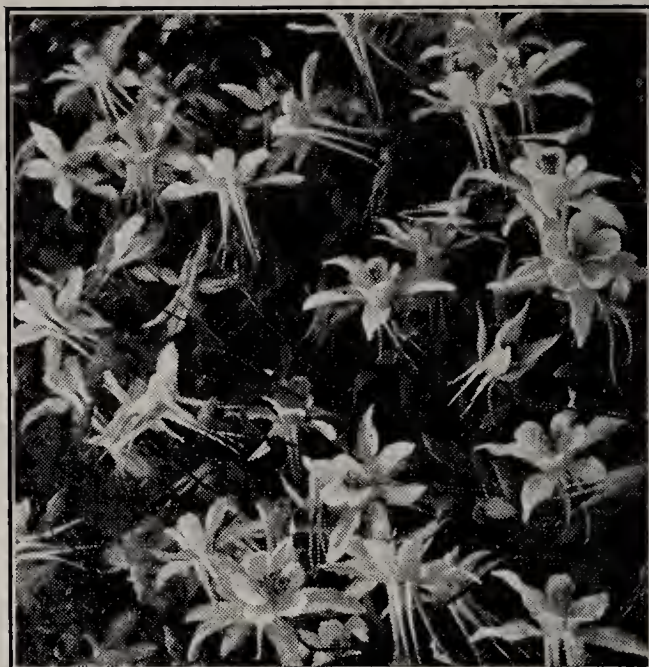

### TRILLIUM GRANDIFLORUM (Wake Robin)

10 to 12 in. This is the best of all Trilliums, producing large star-like blossoms as shown above early in the Spring. The Trillium is a native woodland plant, known as wood-lilies or Wake Robins. Fine for a shady nook in the garden or for naturalizing in the woodland. When once planted they continue to multiply and require no care. 3 for 75c; 6 for \$1.25; 12 for \$2.25, Postpaid.

### MERTENSIA (Virginia Blue-Bell)

12 to 18 in. This is one of the most delightful of all early spring flowers, and there are so many ways to make use of them. While a few plants will be the outstanding attraction of a small garden, a mass planting naturalized in a meadow or along a woodland path or on grassy banks is a never-to-be-forgotten sight. In the rockery, or in the border, or the wild garden, in a quiet corner, or a conspicuous spot, they are equally at home. The flowers are of a lovely porcelain blue, intermingled with pink florets, and the flowers grow in graceful clusters. They flower throughout the month of May on Long Island. Try these Virginia Blue-Bells on my recommendation, and you will be delighted with them. 3 for 75c; 6 for \$1.25; 12 for \$2.25; 100 for \$15.00, Postpaid.

### AQUELEGIA (Columbine)

15 to 18 in. See illustration above. Every gardener loves the dainty Columbines. The Long-spurred Hybrids I am offering are a great improvement over the older varieties. There is a wide range of delicate soft colors and rich pastel shades. Large, healthy 2-year field-grown plants. 3 for 75c; 6 for \$1.25; 12 for \$2.00, Postpaid.

### SUN OR ROCK ROSE (Helianthemum)

These very lovely miniature plants produce a constant succession of flowers in white, pink, scarlet and yellow. Nothing is more charming for the rock garden or edging a walk or border. Sold in mixed colors only. 3 for 85c; 6 for \$1.50; 12 for \$2.50; Postpaid.

### PAINTED DAISIES (Pyrethrum)

Single and double Daisy-shaped flowers in many beautiful shades of red, pink and white. Beautiful in the garden and excellent for cutting. Mixed colors only. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50, Postpaid.

## GOLD MEDAL ROSES

Fall is an excellent time to plant roses. If earth is heeled up around the plants to protect them for the first Winter, they get a fine start and are so much ahead of Spring planted roses. A folder on Rose Culture will be sent free with all Fall orders for roses. It is profusely illustrated and will

show just how roses should be handled for best results.

I offer here a short but very choice list of the finest roses in the world including the newest Patented Hybrid Teas and Everblooming Climbers. I handle only strong No. 1 two-year, field grown plants, all vigorous and healthy.

### *The Best of the New Climbing Roses*

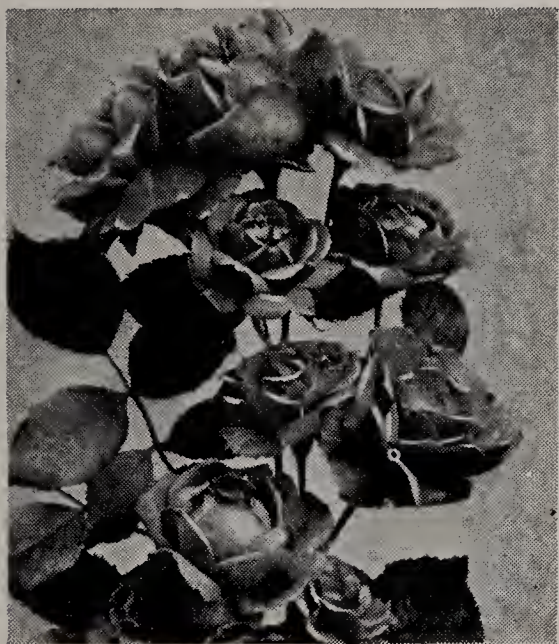

**GOLDEN CLIMBER** (Mrs. Arthur Curtis James) Plant Patent No. 28. Winner of the Gold Medal awarded by the Massachusetts Horticultural Society; also the American Rose Society's Medal for the Best Rose of 1933. Rich, Golden Yellow Climbing rose, with handsome glossy foliage and ornamental red thorns on rich green wood. Magnificent cut flowers of Hybrid Tea Type, 4 to 5 inches in diameter, fully double, of perfect form and exquisitely fragrant; usually one flower to an 18-inch stem. A rugged rapid grower, hardy in severe sub-zero weather. The rose sensation of the Century. \$1.50 each; \$15.00 Doz.

**JACOTTE**—I originally imported this magnificent Rose from Europe and it has been a sensation in my gardens ever since. The color is a brilliant shrimp pink, deepening at the base to orange yellow and deep copper and touched with a bit of flame color. No other rose is quite so enchanting. Added to its other delightful qualities it is exquisitely fragrant. It is a vigorous grower, hardy anywhere, disease resistant, free flowering and has unusual glossy green foliage that makes it always look as though it were just freshly polished. *Extra strong plants \$1.00 each; \$10.00 Doz.*

## The Best of the New CLIMBING ROSES (Continued)

**"BLAZE" ROSE**

**BLAZE**—Plant Patent No. 10. A sport of Paul's Scarlet Climber, with all its vigor, beauty and hardiness, but producing a blaze of brilliant scarlet climbing roses in June and again in the Fall. \$1.25 each; \$12.50 Doz.

**PRINCESS VAN ORANGE**—Plant Patent No. 106. The most talked of European Climbing Novelty. A true everbloomer, the bushes being constantly covered with trusses of the

most sensational vivid orange-scarlet flowers. \$1.25 each; \$12.50 Doz.

**NEW DAWN**—Plant Patent No. 1. The new Everblooming Dr. W. Van Fleet. A lovely soft pink climbing rose that flowers constantly throughout the summer. \$1.50 each; \$15.00 Doz.

**CLIMBING EVERBLOOMING TALISMAN**—This new climbing everblooming form of the Talisman rose created a sensation in my gardens when they were exhibited this spring for the first time. The large double flowers are even more handsome than the bush form of the Talisman Rose and they are borne in the greatest profusion all summer long. This new novelty is being introduced at a price that is within the reach of all. \$1.00 each; \$10.00 Doz.

**MME. GREGOIRE STAECHELIN** (The Spanish Beauty Climbing Rose)—Winner of Bagatelle Gold Medal in France, the highest recognition that a rose can receive. Also winner of the first John Cook Medal of the American Rose Society. Bright fragrant bouquets of large double pink flowers and deep red buds. The individual flowers are like a hot-house grown flower. A magnificent climbing rose, hardy anywhere. *Extra Strong Plants* \$1.00 each; \$10.00 Doz.

## Sensational New Patented HYBRID TEA ROSES

**COUNTESS VANDAL**—Plant Patent No. 38. The most popular rose exhibited at The Century of Progress. An indescribably beautiful flower of coppery pink and soft gold. Constant bloomer. *Extra Strong Plants* \$1.00 each; \$10.00 Doz.

**TOKEN**—Plant Patent No. 95. A perfect flower in a striking new color, glowing orange, like a rich, well ripened apricot, gradually changing to soft coral. \$1.50 each; \$15.00 Doz.

**ALEZANE**—Plant Patent No. 116. A sensational new rose being introduced for the first time in the Fall of 1935 and Spring of 1936. The large buds are urn shaped and of an unusual reddish-brown color. The flowers are cupped, opening to sorrel, unfurling from sorrel to rich apricot with the reverse of petals sorrel striped with yellow veins. A magnificent rose in every way in a new break of colors. \$1.50 each; \$15.00 Doz.

**BETTER TIMES**—Plant Patent No. 23. Long crimson buds that open into large double, delicately fragrant, cerise flowers on long, strong stems, making them excellent for cutting. \$1.50 each; \$15.00 Doz.

**MARY HART**—Plant Patent No. 8. A striking velvety blood-red with an overglow of amber; maroon buds. Unexcelled in its color. \$1.00 each; \$10.00 Doz.

**AMELIA EARHART**—Plant Patent No. 63. A magnificent new everblooming yellow rose, with very full flowers; color deep at the center, shading to an outer collarett of large cream petals with a blush overtone. Extremely fragrant. \$1.50 each; \$15.00 Doz.

**"NIGRETTE" ROSE**

**NIGRETTE**—"The Black Rose of Sangerhausen." Offered to the public for the first time in 1935. This is the rose you have been reading so much about in the newspapers during the past two years. Its color is very much like "The Black Tulip" and from a little distance it would seem to be dead black. However, its real color is a very rich blackish-maroon, overlaid with a black velvety sheen. It is an Everblooming Hybrid Tea, flowering profusely throughout a long season. The color increases in depth as the season advances, attaining its greatest perfection in Autumn. *Plant Patent No. 87*—\$2.00 each; \$20.00 Doz.

**SOUVENIR**—Plant Patent No. 25. A golden yellow Talisman, which was the outstanding gold-medal winner of the 1932 flower shows. Color deep, rich golden yellow; exquisitely fragrant. \$1.00 each; \$10.00 Doz.

# Hemerocallis (or Daylily)

THESE very showy garden flowers are among the easiest of culture, and most satisfactory of all hardy flowers. One plant will produce great armsful of lily-like blossoms. They come in various shades of yellow, ranging from a soft creamy yellow to the deepest orange. Some of them are shoulder high and others are low enough for use in the rock garden. Some flower during May in the latitude of New York; others flower during June, and still others throughout July, August and September. The new hybrids are a great improvement over the older types, and much easier to grow than ordinary lilies. All are extremely handsome and many are very fragrant. Prices are for extra strong flowering size plants. They will grow anywhere.

If you have never grown Hemerocallis, plant a few of these varieties in your perennial border. If you are the fortunate owner of a rock garden, try Orangeman and Minor. They will delight you with their liberal profusion of flowers.

# MAJESTIC PEONY COLLECTION

## UNPRECEDENTED PEONY OFFER!

*World's Finest Double Fragrant Pink  
World's Best Double Fragrant Red  
Georgeous Double Fragrant White*

**One of Each for \$1<sup>25</sup> Postpaid.**

*Order as many collections as you wish.*

**BUT**—Your total order must amount to \$3.00 to take advantage of this special offer. The order may be all Peonies, or it may include other items in this catalog.

If you were to pay \$100.00 a plant you could not get finer Peonies than those included in this collection. You probably will never again have the opportunity of securing these Masterpieces upon such a favorable basis. **HERE THEY ARE!**

**THERESE**—Have you ever seen a dream growing? Well, I have, and this is it. Among all the fine Peonies in the whole world only one other Peony rates one point higher. The official rating of the American Peony Society for Therese is 98. No flower is ever rated 100, which signifies perfection, because that leaves no room for improvement in future introductions. **BUT THERESE IS A PERFECT PEONY IN EVERY WAY.** The American Peony Society considers it by all odds *The World's Best Pink Peony*. On the show bench it will always win first prize. In the garden it is the gem of gems. As a cut flower for table decoration it is unsurpassed. In addition to all of its other good qualities, it is **EXQUISITELY FRAGRANT**. Catalog price \$1.00. *Special Quantity Price For Mass Planting \$35.00 per 100.*

**KARL ROSENFELD**—The World's Best All-around Double Red Peony; of vivid color, perfect form, mammoth size and delightful fragrance. Equally fine as a cut flower, or as an individual garden specimen, and superb for landscape planting. Karl Rosenfeld occupies the same position as a red Peony that Therese occupies as a pink one. They are both supreme in their color range. Catalog price 75c each. *Special Quantity Price for Mass Planting \$25.00 per 100.*

**FESTIVA MAXIMA**—The official rating of the American Peony Society for this variety is 93, classing it as one of the Best Double White Peonies. It is very early flowering and exquisitely fragrant. Very large, perfect rose-type flowers of pure milk-white, with a few flecks of crimson in the centre. The flowers are of huge size and perfect form and borne in the greatest profusion, each plant producing great armsful of gorgeous flowers. Fine for cut flowers and magnificent in the garden or for landscaping. Catalog price 50c. *Special Quantity Price for Mass Planting \$20.00 per 100.*

I did not know, until the moment this catalog went to press, that I was going to make this unusual offer. Had a page left in my catalog and decided to use it to offer the bargain of the year to my many friends.

Of course, this special bargain offer has no effect on orders previously accepted and filled. One does not go back to a department store to get a refund on a previous purchase because they are holding a special bargain sale; and the same holds good here. If you have already bought these varieties at regular prices, buy more of them at these special bargain prices. If you have room for them you cannot have too many of these magnificent Peonies.

My usual fine, strong 3 to 6-eye flowering size divisions will be furnished, just the same as though you paid the regular price for them.

Only the three varieties mentioned may be included in this collection. No reductions or concessions will be made in any other Peony prices this season.

**IMPORTANT:** Your total order must amount to \$3.00 or over to take advantage of this special offer. (It does not pay us to handle a single order for \$1.00) The amount may be all ordered in these collections if you wish, or it may include any other items in this catalogue, just so long as the total order amounts to \$3.00 or over.

# Season's Last Call

**Sensational Iris Bargains From My Famous Exhibition Gardens Where Over 1,200 Varieties Are Grown**

I MUST MOVE 100,000 JAPANESE, SIBERIAN AND TALL BEARDED IRIS IMMEDIATELY. All are choice, rare and unusual varieties. Many that formerly sold at \$5.00 to \$50.00 for a single plant will be included in these three collections. This is your opportunity to secure a garden full of these beautiful Irises at unheard-of bargain prices. My Iris gardens are world famous, and as I have no ordinary varieties, you are sure to be agreeably surprised with the magnificent flowers that will be produced by these collections.

**ORDER AT ONCE. NOW IS THE TIME TO PLANT**

## **GOODWILL COLLECTION**

**25 Tall Bearded Iris—\$3.00**

In this remarkable collection there will be no two varieties alike. It will include all the newer shades, such as red and pink tones, metallic shades, ruby, sapphire and other precious gem colors, unusual blends and solid colors. The flowers are of gigantic size, and many of them are exquisitely fragrant. Only the newer hybrids will be included in this unlabeled collection.

## **25 WORLD'S FINEST SIBERIAN IRIS—\$3.00**

This is a very unusual collection—the finest collection of Siberian Iris obtainable anywhere in the world at any price. They are prodigious bloomers and make excellent cut flowers. They are of the easiest possible culture and seem to require no care. They may be planted in full sun or semi-shade, in a dry or wet spot, and in any ordinary soil. In form they differ from all other Iris. I will include in this unlabeled collection several varieties that recently sold at \$5.00 and \$10.00 for a single plant.

## **25 SUMMER BLOOMING JAPANESE IRIS—\$3.00**

These are the showiest of all Iris and produce a marvelous color effect just when flowers are scarce. They do not begin to bloom until the Tall Bearded Iris and the Siberian Iris have finished flowering, thus prolonging the Iris season for several weeks. The flowers are so marvelous that if I had to choose just one group of Iris, it would be the Japanese Iris. There are giant singles and doubles; mottled, striped and blended effects; soft pastel colors and gorgeously brilliant tones. Some produce flowers as large as a dinner plate. Many will now be included for the first time in a low priced collection.
